ABOUT

Dead Nuts pays tribute to the old walnut and almond tree orchards that were removed to make space for our Chronic vines. Thank you nuts, we will miss you, but please have a glass on us.

PROFILE

We love Zin and love to blend with it even more. The added spice of the Tempranillo compliments the white peppery flavors of the Zin. Aromas of sweet cherries, honeycomb, and briar come bursting through the glass. At first sip loads of strawberries, blackberries and cherry pie sweep across the palate with a medium tannin and zesty freshness!

FOOD PAIRING

Duck, chicken, pork chops, carne asada tacos
