ABOUT Vibrant single vineyard, cool-climate wines from Edna Valley with intense varietal character and good acid structure to be enjoyed with a wide range of foods.

TASTING NOTES Full of flavors of zesty citrus, guava and passion fruit with a chalky minerality and a hint of salinity. The perfect combination of Sauvignon Blancs from New Zealand and Sancerre, this wine is bursting with fruit flavors and balanced with the perfect amount of racy acidity.

WINEMAKER Rob Takigawa

WINEMAKING Sourced from a SIP Certified Sustainable vineyard in the cool climate of Edna Valley with volcanic soils, this wine is harvested at different levels of ripeness. One portion is picked a bit early; the higher acid and lower sugar in the berries bring a crisp citrus and slight herbal character. The middle portion is harvested at balanced ripeness, while the third is picked a little later in the season. The fruit in this last batch provides tropical notes and a round mouthfeel. Fermented at cold temperatures in stainless steel, there is no oak or influence or malolactic fermentation.

VARIETAL BREAKDOWN Albariño

ABOUT Vibrant single vineyard, cool-climate wines from Edna Valley with intense varietal character and good acid structure to be enjoyed with a wide range of foods. TASTING NOTES Made in the traditional style of Rías Baixas Albariño, this wine is pure and vibrant, with a slight salty characteristic. Mandarin orange and tangerine peel begin in the aromatics and run clear through to the finish. The round mouthfeel is beautifully balanced by a somewhat crisp acid structure.
