INNOVATING SINCE 1973

Tucked in the Central Coast's Edna Valley lies the historic Independence schoolhouse, built in 1909. It's no longer occupied by teachers and children, but in many ways it's still a place of discovery. A place to come together and immerse yourself in the Baileyana family of wines and way of life.

Our tasting room - as is often true on schoolyards - is made up of an eclectic group of personalities: Baileyana, Tangent, True Myth, and Zocker. Each with its own origins, identities, and flavor profiles. Yet when brought together under one roof, they represent something greater than the sum of their parts. It's the meeting ground of a distinct SLO lifestyle - vibrant yet centered, casual yet refined, charming yet liberating.

Come spend an afternoon here and you'll see for yourself. Enjoy award-winning wines crafted by our renowned winemaker produced from an array of varietals. Cross paths with aficionados, young families, and recent Cal Poly graduates. Play a game of bocce ball. Or simply sit back and contemplate the gorgeous Santa Lucia mountains. With wines in every style from delightful sparklings to powerful yet elegant reds, we've got memories for everyone. As long as you're here, you're doing it right.

A way of life. A state of mind. A special place. Call it what you want. We call it Baileyana.

BAILEYANA

EDNA VALLEY, CALIFORNIA

Baileyana is the definitive expression of this land and region; a place where sloping vineyards meet the remnants of ancient volcanic peaks. Sourced from individual blocks in select vineyards, our cool climate varietals are the epitome of the charming Central Coast's style and confidence. Expressive and layered, our wines mirror their namesake, the Baileyana tree abundant throughout the area and California. And like the tree represented on our labels, no detail for us is considered too intricate. Our array of unadulterated, exceptional Edna Valley Chardonnays and Pinot Noir are all hand crafted to captivate and exude vivid elegance.

TANGENT

EDNA VALLEY, CALIFORNIA

Tangent from Baileyana Winery is an invigorating departure from the ordinary, a break from the expected. We explore the possibilities of aromatic white wines rooted in the Edna Valley region and surrounding area, proving that every day can be a new adventure. Tangent offers a range of crisp and bright, individual and distinct wines that are vibrant, fresh and different. Tangent is made with coastal fruit grown just a few miles from the Pacific Ocean along the Central Coast, the coolest growing region in California. Our innovative spirit and focus on creating refreshing white wines delivers surprise and delight, while unlocking a world of possibilities. Life is short. Take a Tangent.

TRUE MYTH

EDNA VALLEY & PASO ROBLES,
CALIFORNIA

Since our inception we have set out to make wines that reflect not only a deeply rooted belief in self, but the dualities of life in San Luis Obispo County in the Central Coast of California. That means bringing together the dry heat of Paso Robles, with the cool coastal influence of our vineyards in Edna Valley. The coexistence of these opposing dynamics creates in True Myth a liberating experience that goes beyond the status quo. True Myth from Baileyana Winery shows that we believe that balance is more than just a flavor descriptor, that harmony goes beyond terroir, and that there is power in Myths becoming True. These wines are for those who believe.

ZOCKER

EDNA VALLEY, CALIFORNIA

Zocker features a Grüner Veltliner, a beloved old world variety rarely seen in California. This wine comes from a single vineyard in the Edna Valley on the Central Coast of California. This is a rare but extremely food-friendly and unique wine that is the essence of unconventional. German for “Gambler,” Zocker is one of our riskiest and most rewarding ventures yet.
