2021 EDNA VALLEY CHARDONNAY

THE EDNA VALLEY

The coolest growing region in all of California, as cited in a study by Southern Oregon University, the Edna Valley is a mere 5.4 miles from the Pacific Ocean. Consequently, the extended growing season allows grapes grown here to develop intense and complex varietal flavors, while achieving optimum maturity levels. Known as the “Dirt of the Devil,” the soils in the northern portion of the valley are also unique. As Islay Hill is the most southern sibling in a chain of extinct volcanoes known as the Seven Sisters, volcanic remnants are combined with clay loam and rocky marine sediment, offering a distinct mix of nutrients and good drainage.

TASTING NOTES

This Chardonnay exudes effortless elegance with aromas of lavender and citrus that develop into luscious flavors of grilled cinnamon peaches and ripe tropical fruits. Hints of minerality emphasize the wine’s natural liveliness and is balanced by notes of vanilla, clove and spice that lead to a smooth, memorable finish.
