

# TRUE MYTH

CABERNET SAUVIGNON

*Paso Robles*

Coming from hand-selected vineyard sites, the True Myth Cabernet Sauvignon showcases the power and lushness of the Paso Robles region. Beloved for its rolling hills, small canyons, and temperature swings that create a perfect environment for grape growing, the Paso Robles AVA is a large and extremely diverse appellation that is a mere six miles from the Pacific Coastline. Hot days allow fruit to fully ripen while the ocean influence and higher elevations of the hillsides bring cool nighttime temperatures that provide ample time for acidity to develop. Sourced from old vines, which bring the bold, powerful and opulent notes of black cherry, cassis and pepper, this wine is a beautiful reflection of a marquee region and talented winemaking.

## 2023 VINTAGE

The 2023 growing season in the San Luis Obispo (SLO) Coast AVA brought welcome winter rains and an extended, temperate growing season, offering unexpected potential for Cabernet Sauvignon.

Coastal fog and moderated daytime temperatures allowed for slow, even ripening, preserving freshness and layering complexity into the bold varietal. While lighter yields intensified the fruit's depth, the maritime influence balanced Cabernet's natural power with lifted acidity and restraint. The resulting wines reveal dark cassis and blackberry tones, framed by firm yet polished tannins and a bold, structured finish. True Myth wines from this vintage embody the essence of a dedicated journey, showcasing remarkable depth and allure.
