

# TRUE MYTH

*Central Coast*

CHARDONNAY

Sourced from premier vineyards in the Central Coast of California, our Chardonnay is a perfect expression of what coastal influence can create. Sunny days with strong, salty breezes coming off the Pacific Ocean and cool nights make the California coastline a dreamy spot for grape growing that True Myth is lucky enough to benefit from.

## 2023 VINTAGE

The Central Coast boasts a long growing season which allows Chardonnay to fully ripen while maintaining a naturally high acidity thanks to the influence of the nearby Pacific Ocean. 2023's vintage was cool and mild, extending well into November, and resulted in beautiful bright, fresh wines.

### VARIETAL

100% Chardonnay

### STYLE

Rich and smooth with beautiful bright acidity

### APPELLATION

Central Coast sourced from vineyard sites in Edna Valley, SLO Coast, Los Olivos, Happy Canyon, Alisos Canyon, and Monterey

### CERTIFICATION

**ALC.** 14.42%

**PH** 3.74

**TA** 5.62 g/L

**RS** 0.5 g/L

## TASTING NOTES

On the nose, tropical fruit notes jump out of the glass and meld with a hint of orangey citrus. When sipped, the same tropical fruits jump out and are complimented by flavors of butterscotch, pear, and mandarin. A bright and mouthwatering acidity throughout each sip is balanced by a finish that highlights the classic Chardonnay creaminess and notes of vanilla.
